given:

Magellan *encounters neighbors*

He, too, seems disturbed

He redefines Plain and Simple.

THE COMPLETE Excuse never wavers:

No one *believes it:*

A well-defined past polished to an insistent technology

For years through the trapdoor of always.

one World

Only half the size

of **Heart Damage**

"Do the old ones make it back?"

Like a gust of frames and sequences

a false move influenced time

ideas generate electricity

"But the laws of physics

were unable to identify the **nomad's universe.**

5 Excerpts from a **FERRY**

FIG. 1

physics:

links broken according to their musical relationship to the previous or

our pulse

gathering

like choreographers

Repeat the chant

The person in the center of the circle is the breakthrough

cell division

We climbed higher and higher through weather— a forest of eucalyptus uncoiling the sea

This is just like home, I thought, The circle can then begin to move through

the universe, each line on a naked body collecting internal rhymes until the **simplest unit is** irrational belief

I WONDER
WHAT HAPPENED
TO fig.B.

FIG. 2

A HIGHWAY swept down from
the hills

frequently bruising

cedar, mirror, and fabric

a large man with a moon still connected to a live wire.

roused my curiosity.

Did he drink coffee or

"come near"

The pursuit is the result

a birdcall.

a gutted cinema.

I watched the flock of tiny creatures
out of sight and wondered.

It's a full time job just turning
without using hands.

FIG. 3

The girders do bend

indifferent

to their yearning.

certain days

have the ability to astrally project

(isn't it a relief to run without

SPACE

—its complications,

and compromises,

another city,

another station:

Virtually unbreakable.

Check your mirror closely

See?

IT was on time, precisely, to the
minute.

To argue that love is not like that is to miss the point.

She turned back, smiling.

but the bald-headed man still

sat in his corner seat.

The photograph on his face

led to

every back yard, every
tiny, angular patch of unpaved
ground,

FIG 4.

On examining the
object, we saw that it consisted of **Only the Dreamer**

Finally, a destination:

BECOMING VISIBLE

I cannot describe the bird that **looked vaguely like** (or was echoed by), earth, **the town**
scattered on a musical principle—

Once silk or cotton has found its own form in syllabic verse, the underlying issue is
the interconnections between possibility

Another time, she spoke to me about the force

that seemed to arc between the

flight of leaves

before they slowly closed

This is a face **leaving you** with

the lost parts of yourself, when
on the middle finger.

counting by hand,

The body is a bilingual edition,

drums & slideshow

bird's beak

and tree's root,

the eyes in the head

(believe it)

**The countryside briefly re-
turned.**

Near and Far were able to merge

I feel it is a thing

singular.

through waves of spray

**working towards
Aviation**

Will draw out the image:

**stone-built houses along the
River**

stepped, concentric

He pointed far across the piazza.

**at first it seems the stones
cannot be fundamentally changed.**

In turn, I felt

a hand on my arm. "Now quick."

I know you wanted that other world

We glance and laugh, pausing

for half a minute and

none of the photos will come out.

GIVEN: The sharp fast smoke of a bonfire

PRESENTED BY

no obscure place to park

THE LIFE & CRIMES OF

perfect intricacies;

Even a mild observation can be a four-hundred-foot-deep gash in rainfall
whereas

DAYDREAMS are a National Monument.

Only a few of the rooms have been restored.

A seaman comes up with one form a series of small migrations.

FOREIGN REPORT: Acquire a tree of rope

STREET TALK: The clues are strung
together in haphazard order;

"Ghost Trips"

"Now we are no longer isolated."

It is hard to forget that she saw her own face in the mirror.
Time has arrived just to watch those planes leave.

GIVEN:

The second movement is more deeply the Long Island Rail Road arguing for a return.

And he told me how this City's history, called hallucination,
permits a closer scrutiny of **light** this material can look like new again on extreme weather days.
What could you say? How do you begin it? watercolor on paper gouache on canvas
ringing with the world held off once start with the rain posing inside of water,

He heard her answering the call;

"No idea how to

Day after day after day.

THE STRANGE DESTINY OF LAUGHTER AND FORGETTING

"No longer," he said.

"No," he said. "She's gone "

Imagine all this and much more in a camera

woodwinds, interwoven with human behavior.

If you instinctively recognize ships, planes, wild-
life and people As daytime

the report will encourage **A WORLD LIKE OUR BURNING**

A brief excerpt from this—

the train arrived at last, (coming from the East

incredible distances assume that you know how to decipher clues.

GIVEN:

music is made when you remember someone.

After sixteen more pages,

"I am."

translated elsewhere into the solar system

He was to remember, all his life,
Napoleon had decreed the abolition of torture
within his empire

That evening I sat by myself in the
central plaza based on a world
between people
and trees,

No, I am indebted to a foreigner
streaming with sunlight.

To date, very little is apparently dead

The assumption is based on the risk

—for example, "Staring at me was
the C string as an opportunity with a darkly measured speed.

he does not remember anything
which is as plausible as it is an unceasing
struggle with itself

paradise UNWINDS

that "hidden" message in the wave. **Clue:** a good cross-section of coincidence breaking on the shore, deckle-edged and watermarked passageways; gloves passing among the hungers. **I**T would be redundant to post a sign. equilibrium has to adopt the imprint. *treasures* come in either black or white,

highlights **Speak**

You could easily be **Traveling,**
A GARDENER'S ISLAND,
public wings with matching ancestors.

GIVEN:

**Shock Visualizing the laws of nature,
This makes it seem more likely that life appears** as "not a credible
event."

Although this is not the first
explanation of the images:
human hands" and "beyond the usual
continuously
simplifying it.

Real memory resembled a woman's torso, where
nothing that we could recall appeared in its place
Whatever they say, **elsewhere is a** secret you don't want to share.

Geometry **sprints away from stoplights**

The Comfort of Strangers does not resemble *reconnaissance flights* dressed up as enig-
matic personages.

"News"

Their main concern is *undisturbed* in the process.
the Civil War forgot your name a century or so later.

THE interior moving each surrounding is thus struck.

given

ROWS AND ROWS

“Next case,”
she said.

Before I left, however, Here we are in the midst

“What made you do it?”

any design would be an intrusion:

“Call it a question a friend asked.

There are thousands of **tr**ACES INTACT

Actually, It came down to a history **of Chance**

the microprism *of balance*

smokes peacefully,

some imaginative use of everything

GARDENERS, paperweights

will

keep you up at night,

This domain **spreads**

like *Free-lance* **MARITIME** darkening

a thousand bougainvillea far behind the night

Given

The spaces and vaults of the ocean,

It seemed as if very recently would never come.

*I've heard that people sometimes
cry when they see the SUN*

Tiers of ships on a river — spilled wine

Nobody else could come close.

The Aires-Córdoba train has survived be-
cause it is looking randomly.

Compass in the open like a festive palace hall,

a horse that may win that day, or may not.

And clear over on the other side of town, The distances were there,

using the last light of loneliness at sea.

"Oh, no," she said. "This is different.

for example:

A stream of cars sped by, (e)

The word quantum means simply a discrete quantity of something, a "hunk."

pedestrians came into being.

A

T DUSK I SAT at just the right angle and

From then on we have lost contact.

Often during that night I could not recognize herself in a close-up photo.

Given:

that another weapon can't be—
